Catatan:

<sup>a</sup>Dalam penulisan sandi isolat, dua huruf pertama menunjukkan singkatan nama genus dan spesies cendawan, lalu diikuti oleh nama klon karet atau nama tumbuhan inang non karet. Dua huruf besar berikutnya adalah singkatan nama provinsi. Empat angka terakhir menunjukkan bulan dan tahun pengumpulan isolat.

*Cc* = *Corynespora cassiicola*, *Ch* = *Cercosporidium henningsii*

SU = Sumatera Utara, JB = Jawa Barat
