

The Gardens' Bulletin Singapore

VOL. 63(1 & 2) 2011

ISSN 0374-7859

Proceedings of the 8th Flora Malesiana Symposium

CONTENTS

HISTORICAL PERSPECTIVE

J.F. Veldkamp - Georgius Everhardus Rumphius (1627–1702), the blind seer of Ambon 1

TAXONOMIC STUDIES

H. Rustiami, J.P. Moge and S.S. Tjitrosoedirdjo - Revision of the rattan genus *Daemonorops* (Palmae: Calamoideae) in Sulawesi using a phenetic analysis approach 17

Ary Prihardhyanto Keim, Rugayah and Himmah Rustiami - The Pandanaceae of the Bukit Baka Bukit Raya National Park and adjacent areas, West and Central Kalimantan, Indonesia, with notes on their nomenclature and the rediscovery of *Pandanus aristatus* and several new records 31

Sri Endarti Rahayu, Alex Hartana, Tatik Chikmawati and Kuswata Kartawinata - A taxonomic study of the *Pandanus furcatus* and *P. tectorius* complexes (Pandanaceae) in Java 63

A. Sumadijaya and J.F. Veldkamp - *Bothriochloa* (Poaceae: Andropogoneae) in Malesia 71

Marie Briggs - *Saurauia* (Actinidiaceae) of New Guinea: current status, future plans 77

Mark Hughes and Deden Girmansyah - Searching for Sumatran *Begonia* described by William Jack: following in the footsteps of a 19th century Scottish botanist 83

S. Syahida-Emiza, G. Staples and N.W. Haron - Materials for a revision of *Erycibe* (Convolvulaceae) in Peninsular Malaysia 97

T.M.A. Utteridge and M. Schori - Updating Malesian Icacinaceae 105

J.A. Wearn and D.J. Mabberley - *Clerodendrum* confusion—redefinition of, and new perspectives for, a large Labiate genus 119

ae:	Hans P. Nooteboom - How did Magnolias (Magnoliaceae: Magnolioideae) reach Tropical Asia?	299
125		
aceae:	Pingting Chen, Jun Wen and Longqing Chen - Spatial and temporal diversification of <i>Tetrastigma</i> (Vitaceae)	307
137		
145	Peter C. van Welzen and Niels Raes - The floristic position of Java	329
155		
n of	ECOLOGICAL STUDIES	
163	Mohammed Kamrul Huda and Christopher C. Wilcock - Colonisation and diversity of epiphytic orchids on trees in disturbed and undisturbed forests in the Asian tropics	341
175	Didik Widyatmoko - Habitat and ecological preferences of <i>Hydriastele costata</i> (Palmae) in Waigeo Island, West Papua	357
mp,	K.M. Wong and Y.W. Low - Hybrid zone characteristics of the intergeneric hybrid bamboo $\times$ <i>Gigantocalamus malpenensis</i> (Poaceae: Bambusoideae) in Peninsular Malaysia	375
189	A. van der Ent - The ecology of ultramafic areas in Sabah: threats and conservation needs	385
lar		
197	CONSERVATION PERSPECTIVES	
205	Teodora D. Balangcod, Virginia C. Cuevas and Ashlyn Kim D. Balangcod - Cultivation and conservation of <i>Lilium philippinense</i> (Liliaceae), the Philippine endemic Benguet Lily	395
213	Ashlyn Kim D. Balangcod - Predicting distribution of <i>Lilium philippinense</i> (Liliaceae) over Luzon's Cordillera Central Range, Philippines, using ArcGIS Geostatistical Analyst	409
219	Y.M. Chan, L.S.L. Chua and L.G. Saw - Towards the conservation of Malaysian <i>Johannesteijsmannia</i> (Palmae)	425
237	R. Kiew, A.R. Ummul-Nazrah & L.S.L. Chua - Conservation status of <i>Paraboea</i> species (Gesneriaceae) in Malaysia	433
245	M.Y. Chew and N.W. Haron - <i>Utricularia</i> (Lentibulariaceae) habitat diversity in Peninsular Malaysia and its implications for conservation	451
259	Julisasi T. Hadiah - Establishment of Enrekang Botanic Garden, South Sulawesi: an effort to conserve plant diversity in the Wallacea region	465
277	MORPHOLOGY, ANATOMY, AND BIOLOGICAL STUDIES	
287	E.H.S. Chin and A.L. Lim - Comparative pollen morphology of three <i>Alternanthera</i> species (Amaranthaceae)	471
	Wiguna Rahman - Flower biology of four epiphytic Malesian Gesneriads	485
